Dear Terry Shi,

I have reviewed the test report and related documents and am pleased to advise that this device meets our Procedural and Specification requirements for certification and has been submitted to ISED's SpectraWeb system for listing on their Radio Equipment List (REL).

The assigned certification number and the model number must be shown on each equipment model. This certification identification information may be shown on the equipment model identification plate or on a separate label that shall be indelible and tamper proof. The certification number shall be prefixed with the letters "IC:" or "ISED:" Radio equipment is certified as described on the attached certification certificate for the following model: TUNE 680NC.

The equipment shall not be distributed, leased, sold, or offered for sale in Canada before the details of its certification have been added to the REL, which typically takes up to two weeks from the date the information is submitted to ISED. The REL can be accessed via from ISED's Equipment Certification and Registration Services web site at [https://sms-sqs.ic.gc.ca/eic/site/sms-sqs-prod.nsf/eng/h\\_00013.html](https://sms-sqs.ic.gc.ca/eic/site/sms-sqs-prod.nsf/eng/h_00013.html).

Sincerely
